

K92 MINING CLOSES \$2,000,000 FINANCING

By admin Posted July 25, 2016 In 2016, News Releases

K92 Mining Inc. (the “Company” or “K92”, TSXV: KNT) is pleased to announce that it has closed the non-brokered private placement announced on July 21st, 2016, consisting of the issuance of 1,709,402 units (the “Units”) at \$1.17 per Unit for gross proceeds of \$2,000,000 (the “Financing”). All securities issued pursuant to the Financing are subject to a four month hold expiring November 26th, 2016.

Each Unit consists of one Common share (an “Offered Share”) and one Common share purchase warrant (a “Warrant”). Each Warrant will allow the holder to purchase one Common share of K92 at a price of \$1.75 for a period of 12 months from the date of issuance.

The sole investor in the Financing is Mr. Ross Beaty.

Proceeds from the Financing are intended to be used for general corporate purposes and to give the company enhanced optionality when completing the underground incline drive from Irumafimpa to Kora, with drill testing along the way.

In connection with the Financing and subject to TSXV approval, K92 intends to pay a finder’s fees of 119,658 Offered Shares and 119,658 Warrants (exercisable at \$1.75 for a period of 12 months) to a finder.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION: This news release includes certain “forward-looking statements” under applicable Canadian securities legislation. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements. All statements that address future plans, activities, events or developments that the Company believes, expects or anticipates will or may occur are forward-looking information, including statements regarding completion of the Financing and the expected use of proceeds. Forward-looking statements and information contained herein are based on certain factors and assumptions regarding, among other things, the market price of the Company’s securities, metal prices, taxation, the estimation, timing and amount of future exploration and development, capital and operating costs, the availability of financing, the receipt of regulatory approvals, environmental risks, title disputes, failure of plant, equipment or processes to operate as anticipated, accidents, labour disputes, claims and limitations on insurance coverage and other risks of the mining industry, changes in national and local government regulation of mining operations, and regulations and other matters.. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
